KEEP BEDTIME FAMILIAR

Bath, night clothes, music, feed, bed.

EXPECT A BUMPY WEEK

More fussiness can happen around week five.

PROTECT NAPS

Use cues; don't keep baby awake much beyond 90 minutes.

4 am

TARGET OVERNIGHT FEED

The feed schedule stays firm. Nap times remain flexible and can move with your baby's needs.

Recovery still matters. Ask for help and speak with a clinician if you feel persistently overwhelmed.

Visual companion based on publicly available week-by-week schedule details from Helen Moon's book. Follow your pediatrician's feeding plan, especially for premature babies, jaundice, weight concerns, or other medical needs.
